

# United Lens Company Inc. Quality Policy

United Lens recognizes the importance of our Quality Management System which takes into consideration the needs of all interested parties while providing our customers with the highest level of product Quality and Service.

Our Quality Management System provides a systematic approach for the execution of planned activities necessary to meet the requirements of all interested parties.

Our team is responsible for improving quality and efficiency in support of our strategic vision and purpose. This is accomplished through continued investment in our company, our employees, and the adherence to our QMS to drive a sustainable future for our business.

William R. Lannon  
President and CEO
